

Player 2 will populate these circles with colors that they think are in the solution. This dictates what

will be shown to the right, in the smaller circles.

- Will show for player 1, as they make the solution.
- Player 2 will have this space filled in after they make their final guess, or they get the solution correct earlier.

Player 1 will populate this field with:

- Red: wrong color wrong place
 Yellow: right color wrong place
 Green: right color right place

How the board might look mid-game for player 1
